(2)

ORDINANCE NO. 13

Master of Arts Examination

The Examination for the degree of master of Arts shall consist of two parts-

- (a) The Previous Examination, and
- (b) The Final Examination.

A candidate who after taking his Bachelor's degree of the University or an examination of any statutory University in India which has been recognised by the University and has completed a regular course of study in the teaching department of the University or in a College in the subject in which he offers himself for examination for one academic year shall be admitted to the Previous Examination for the degree of Master of Arts.

A candidate after passing a graduate examination under 1+3 scheme or any other examination recognised by the University as equivalent thereto shall be eligible for admission to a post-graduate course of studies where graduation is minimum qualification only after passing one year Bridge Course prescribed for the purpose. This shall apply to students graduation in 1991 main examination.

A candidate who after passing the M. A. Previous Examination of the University, has completed a regular course of study for one academic year in a teaching department of the University or in a colleges shall be admitted to the Final Examination for the degree of master of Arts in the subject in which he/she passed the Previous Examination.

A candidate who has passed the Previous. Examination for the degree of Master of Arts of another University may also be admitted to the Final Examination for the degree of Master of Arts after obtaining necessary permission from the Kulpati, provided that he offered for his Previous Examination a course of study of an equivalent standard with almost identical syllabus as required for one Previous Examination of the University and has attended a regular course of study for one academic year in a College affiliated to the University or a teaching department of the University.

4. Besides regular students and subject to other compliance with this Ordinance, ex-students and non-collegiate candidates shall be eligible for admission to the Examination as per provisions of Ordinance No. 6 relating to Examination (General).

Provided that in the subject where field work or practical work is prescribed only such candidates will be permitted to appear as non-collegiate candidates as have obtained permission of the Head of the University Teaching Department or Principal of the College teaching such subject.

Provided that non-collegiate candidates shall be permitted to offer only such subjects/papers as are taught to the regular students at any of the University Teaching Department or College.

5. The subject of the examination shall be one of the following:

- (i) English
- (ii) Hindi
- (iii) Economics
- (iv) Political Science
- (v) History

एम. ए. अंतिम - इतिहास एवं अन्य

(3)

- (vi) Sanskrit
- (vii) Mathematics
- (viii) Geography
- (ix) Sociology
- (x) Anthropology
- (xi) Ancient Indian History, Culture and Archeology
- (xii) Public Administration

A candidate securing 60% or more marks in the M.A./M.Com. Previous Examination will be eligible to offer dissertation in lieu of one of the optional papers for the Final. A regular candidate can offer dissertation with the permission of the Professor and the Head of Department of his Institution, while a private candidate will have to secure the prior permission in writing of any one of the Professors of the subject working in an institution within the jurisdiction of the University and will work under supervision of that Professor after obtaining prior permission of the University to that effect.

6. A candidate who has passed the M. A. Examination of the University in any subject shall be allowed to present himself for the M.A. Examination in any one or more of the optional papers in that subject not taken by him at the said examination and is successful will be given a certificate to that effect.

No Candidate shall be allowed to offer more than two additional papers in any one year. For both the Previous and Final Examination a candidate will be declared successful if he/she obtains atleast 36% of the aggregate marks in the subject. In subject, in which both Theory and Practical Examinations are held the examinee must pass separately in the Practical Examination obtaining not less than 36% marks.

8. No division will be assigned on the result of the Previous Examination, The division in which a candidate is placed shall be determined on the basis of aggregate of marks obtained in both the M. A. Previous and the M.A. Final Examination.

9. Successful candidate who obtain 60% or more of the aggregate marks shall be placed in the First Division, those obtaining less than 60% but not less than 48% in the Second Division and all other successful candidates obtaining less than 48% in the Third Division. Candidates who have passed the M.A. Examination of the University in any, subject in Third or Second Division and desire to appear at the M.A. Examination in the same subject for improving division without attending a regular course of study in a college affiliated to the University or in a Teaching Department of the University be allowed to appear at the aforesaid examination as non-collegiate student on the following conditions :-

- (i) There shall be only two Divisions for such candidates the First Division and Second Division. The marks required for obtaining these divisions shall be same as prescribed in the Ordinance i. e. examinees who are successful in Final of the Examination and have obtained 60% or more aggregate of the marks in Previous and Final Examination taken together shall be placed in the First Division and examinees who are successful in Final Examination and have obtained less than 60% but not less than 48% of aggregate marks in Previous and Final Examinations

(4)

taken together shall be placed in the Second Division.

(ii) The result of the candidates obtaining less than 48% of the aggregate marks in Previous and Final of the examination taken together shall not be declared.

(iii) Candidates shall be option to appear at both the Previous and Final Examinations in one and the same year and for being successful at the examination, the candidates shall obtain 48% of the aggregate marks.

Provided that such candidates who opt to appear in Previous and Final Examinations separately shall have to obtain minimum aggregate required for the Previous Examination but he will have to obtain atleast 48% in the aggregate of Previous and Final Examinations taken together or else his result will be cancelled. The syllabus for the examination shall be the same as prescribed for the year in which the examination is held.

(v) Not more than two attempts shall be allowed to such a candidate. Failure or non-appearance at the examination after permission has been accorded by the University, shall be counted as an attempt.

Provided however such candidates who opt to appear at the Previous and Final Examination separately will be allowed only one attempt at the previous examination and two attempts at the Final Examination.

(vi) Candidates who wish to avail the opportunity given in foregoing paras will have to apply for permission as required in the Ordinance relating to admission of non-collegiate students to the University examinations, alongwith requisite registration fee.

(vii) In case, a student improves his division under provision of this para, the fresh Degree will be issued after canceling his first Degree.

USE OF CALCULATORS

The students of Degree/P.G. classes will be permitted to use Calculator in the examination-hall on the following conditions as per decision of the standing Committee of the Academic Council at its meeting held on 31-1-1986.

1. Student will bring their own Calculators.
2. Calculators will not be provided either by the University or examination centres.
3. Calculators with memory and following variables be permitted; +, square, reciprocal, exponential log, square root, trigonometric functions viz. sine, cosine tangent etc., factorial summation, xy, yx and in the light of objective approval of merits and demerits of the viva only.. will be allowed.

प्राचीन भारतीय इतिहास, संस्कृति एवं पुरातत्व

ANCIENT INDIAN HISTORY CULTURE AND ARCHAEOLOGY

There shall be four Theory papers and one paper of field survey report and practical each carrying 100 marks. Paper-I and II are compulsory. Any two paper (other than the paper offered in M.A. Previous) should be offered in M.A. Final Examination depending upon the facilities available and subject of the approval of the head of the department of Institution concerned.

A candidate securing 60% or more marks in M.A. (Previous) examination will be eligible to offer Dissertation in lieu of any one of the optional papers. A Regular candidate can offer dissertation, with the permission of the Head of the department of his Institution while a non collegiate candidate will have to secure the permission in writing from any teacher of the subject and Head of the department of the institution concerned and will work under the supervision of that teacher after obtaining prior permission of the university to that effect. Students are expected to Answer atleast one Question from each unit.

एम. ए. अंतिम में निम्नलिखित प्रश्न पत्र होंगे -

प्रश्न पत्र का नाम	पूर्णांक
1. अनिवार्य प्रश्नपत्र	
1. मुद्रा शास्त्र (Numismatics)	100

(28)

- इकाई-4
- भक्ति-आंदोलन
 - सूफीवाद
 - भारतीय संस्कृति में अकबर का योगदान
 - यूरोपियों का भारत आगमन एवं भारतीय संस्कृति पर उनका प्रभाव
 - भारतीय संस्कृति पर पश्चात्य प्रभाव
 - भारतीय संस्कृति के विकास में प्राच्यवाद की भूमिका
 - राजाराम मोहनराय एवं समन्वयवादी आंदोलन
 - आर्य समाज - थियोसोफिकल सोसायटी
 - सुस्लिम समाज सुधार एवं भारतीय संस्कृति
 - भारतीय संस्कृति एवं गांधीजी
- इकाई-5

प्रस्तावित पुस्तक-

- सिंधु सभ्यता - जयनारायण पांडे
- प्राचीन भारत का इतिहास तथा संस्कृति - डॉ. के. सी. श्रीवास्तव
- भारत का इतिहास - डॉ. कमलेश्वर प्रसाद
- मध्यकालीन भारत (खंड-1 व खंड-2) - हरिश्चंद्र वर्मा
- सल्तनत कालीन भारत - डॉ. ए.एल. श्रीवास्तव
- आधुनिक भारत का इतिहास - एक नवीन मूल्यांकन - ग्रोवर एवं यशपाल
- आधुनिक भारत - विपिन चंद्र
- आधुनिक भारत - एल.पी. शर्मा
- संस्कृति के चार अध्याय - रामधारी सिंह दिनकर
- अद्भुत भारत - ए.एल. बाशम
- भारत का सामाजिक, सांस्कृतिक एवं आर्थिक इतिहास - पुरी, दास, चोपड़ा
- मध्यकालीन संस्कृति - आशीर्वादी लाल श्रीवास्तव
- द्विष्टी सल्तनत - आर.पी. त्रिपाठी
- भारतीय संस्कृति का विकास - बी.एन. लूनिया
- भारतीय सभ्यता एवं संस्कृति - बी.एन. लूनिया

वैकल्पिक - 3

भारत में विज्ञान तथा प्रौद्योगिकी का इतिहास (प्रारंभ से 1950)

- इकाई-1
- विज्ञान तकनीकी का अर्थ एवं समाज के साथ उसका संबंध
 - विज्ञान व तकनीकी इतिहास के श्रोत
 - प्रागैतिहासिक काल में तकनीकी का उदभव एवं विकास - कृषि का प्रारंभ
 - वैदिक काल में विज्ञान एवं तकनीकी विकास
 - नक्षत्र विज्ञान का विकास - आर्य भट्ट ब्राह्म मिहिर एवं भास्कर प्रथम
 - गणित का विकास - ब्राह्मिहिर, ब्रह्मगुप्त, भास्कराचार्य
 - औषधि विज्ञान का विकास - चरक एवं सुश्रुत संहिता
 - बारहवीं शताब्दी तक विज्ञान एवं तकनीकी की विकास - धातुकर्म, वस्त्र उद्योग
- इकाई-2

एम.ए. अंतिम - इतिहास एवं अन्य

(29)

14. महिलाओं का बाह्य कार्य क्षेत्र - कृषि, उद्योग
15. नौकरी पेशा महिलाएं
16. महिलाओं के संपत्ति संबंधी अधिकार एवं शिक्षा
17. स्वाधीनता आंदोलन व महिलाएं - क्रांतिकारी व गांधीवादी आंदोलन
18. नारी मुक्ति आंदोलन
19. महिला संगठन - बीसवीं शताब्दी के संदर्भ में
20. स्वातंत्र्योत्तर भारत में महिला एवं राजनीति - पंचायत से पार्लियामेन्ट

इकाई-5

प्रस्तावित पुस्तकें-

1. प्राचीन भारत का इतिहास तथा संस्कृति - के.सी. श्रीवास्तव
2. भारत का इतिहास (प्राचीन) - कमलेश्वर प्रसाद
3. भारत का इतिहास (मध्यकालीन भाग-1, भाग-2) -
4. भारत का इतिहास (आधुनिक) - कमलेश्वर प्रसाद
5. मध्यकालीन भारत - एल.पी. शर्मा
6. प्राचीन भारत - रामशरण शर्मा
7. आधुनिक भारत का इतिहास - वी.एल. ग्रोवर, यशपाल
8. आजादी के बाद का भारत - विपिन चंद्र
9. मध्यकालीन भारत - हरिशचंद्र वर्मा
10. भारतीय स्वतंत्रता संग्राम का इतिहास - विपिन चंद्र
11. भारतीय इतिहास में नारी - सुगम आनन्द

- इकाई-3
9. सल्तनत काल में युद्ध तकनीकी का विकास
10. सल्तनत कालीन विज्ञान एवं तकनीकी - कृषि एवं उद्योग

OPTIONAL PAPER

3. CRIMINOLOGY

- UNIT-I** Conceptual Approaches to Crime : legal, behavioral and sociological ; deviance, crime and delinquency ; types of crime - economic, violent, white-collar.
- UNIT-II** Perspectives on Crime Causation : classical, positivist, psychological, sociological, marxian, geographical ; recent theoretical advances - the criminal personality, labelling theory
- UNIT-III** Changing Profile of Crime and Criminals : organized crimes, crimes against women and children, cyber crimes, corruption, changing socio-economic profile of criminals in contemporary India.
- Theories of punishment : retributive, deterrent, reformative, futility and cost of punishment
- UNIT-IV** Correction and its Forms : meaning and significance of correction : forms of correction-prison-based, community-based
- Correctional Programmes in prisons : history of prison reforms in India, national policy on prisons : scientific classification of prisoners ; modernization of prison industry and involvement of private sector ; correctional programmes - educational, vocational, psychiatric, meditation, recreation, etc. New Delhi Model of Correction
- UNIT-V** Problems of Correctional Administration : antiquated jail manual and prison act. overcrowding, custodial mindset : lack of inter-agency coordination among police, prosecution, judiciary and prison ; human rights and prison management, limitations and prospects of correction
- Alternatives to Imprisonment : probation, parole, open prisons, after-care and rehabilitation

OPTIONAL PAPER

4. POLITICAL SOCIOLOGY

- UNIT-I** Definition and subject matter of Political Sociology, distinctive approach of Political Sociology, Interrelationship between political system and society. Democratic and totalitarian systems : socio-economic conditions conducive for their emergence and stability.
- UNIT-II** Political Culture : meaning and significance, political socialization-meaning, significance and agencies. Elite theories of distribution of power in society (with reference to Mosca, Pareto, R. Mitchels and C.W. Mills and Others) Intellectuals : Political role of intellectuals - significance.

GEOGRAPHY

एम. ए. अन्तिम भूगोल में निम्नलिखित प्रश्न पत्र होंगे -

क्रमांक	प्रश्न पत्र	प्रश्न पत्र का नाम	पूर्णांक
1.	VI	Economic Geography and Natural Resource Management	100
2.	VII	Settlement Geography	100
3.	VIII	Regional Development and Planning	100
4.	IX (A)	Remote Sensing Techniques and Geographical Information System.	100
OR			
5.	IX (B)	Biogeography and Ecosystem प्रायोगिक कार्य	100
6.	Quantitative Techniques, Remote Sensing and GIS		100
7.	Field Survey Report		100
कुल योग			600

1. The M.A. Final examination in Geography shall consist of 600 marks. There shall be four theory papers, one practical and one field survey report, each of 100 marks as follows.

Paper VI Economic Geography and Natural Resource Management

Paper VII Settlement Geography

Paper VIII Regional Development and Planning

Paper IX (A) Remote Sensing Techniques and Geographical Information System.

OR

Paper IX (B) Biogeography and Ecosystem

Practical : Quantitative Techniques, Remote Sensing and GIS

Field Survey Report based on

A. Physical Survey and B. Socio-economic Survey

1. The theory papers shall be of three hours' duration.

2. Candidates will be required to pass separately in theory, practical and field survey exam.

3. Each theory paper in M.A. Final Geography has been divided into four units.

4. (a) In the Practical examination the following shall be the allotment of time and marks.

(i) Practical Record 20%

(ii) Lab Work (upto 4 hours) 70%

(iii) Viva on (i) & (ii) above 10%

(b) The external and internal examiners shall jointly submit marks.

(c) All the candidates shall present at the time of the practical examination their practical record, regularly signed by the teachers concerned.

5. (A) Field survey report shall consist of two parts, each of 50 marks :

(i) Physical survey (ii) Socio-economic survey

(B) The field survey report will be examined by external examiner.

(C) The field survey report in 60 to 100 typed (A 4 size) pages, should be submitted in bound form.

Report of both types of survey should be bound together, so as to make one volume.

(D) The field survey report should be submitted to the University in two copies on or before

28th February of each session.

PAPER VI

ECONOMIC GEOGRAPHY AND NATURAL RESOURCE MANAGEMENT

UNIT-I Nature and scope of Economic Geography ; fundamental concepts in economic geography ; concept and classification of resources ; classification of economies, sectors of economy (primary, secondary and tertiary)

World distribution of population : Appraisal of quality and quantity of human resources, relation between population and resource, population resource regions of the world, natural resources and economic development, resource adequacy and scarcity, limits to growth.

UNIT-II World pattern of major natural resources : land and soils, biotic resources, water resources, mineral and energy resources, oceanic resources.

UNIT-III Concept and techniques of delimitation of agricultural regions and their features, Von Thunen's model of agricultural location and its modifications.

Classification of Industries, Theories of industrial location ; case studies of selected industries ; Iron & Steel ; Aluminium, Chemical, Textile.
Means of transport, international trade, trade blocks, globalisation and Indian economy.

UNIT-IV Conservation and management of resources : evolution of the concept, principles, philosophy and approaches to conservation, resource conservation and management methods.

Resource appraisal and policy making ; Use of GIS and remote sensing in resource appraisal ; policy making and resource management ; sustainable development of resources.

PAPER - VII

SETTLEMENT GEOGRAPHY

UNIT-I 1. Meaning, Objectives and Scope of Settlement Geography
2. Evolution, Distribution, Types and Patterns of Rural Settlements.
3. Rural House Types
4. Rural Service Centres

UNIT-II 1. Evolution and growth of urban settlements
2. The Geographical setting of Urban Centres : Site, Situation and Location
3. Rank-size-relationship
4. Cities as Central Places, Central Place Theory, Growth Centre Theory.

5. City-Country Relationship : Umland, Rural-Urban Fringe.

UNIT-III 1. General Nature of City Structure :

(i) Internal structure : Morphology and landuse.

(ii) Theories of Urban Structure : The Concentric Zone Theory, The Sector Theory, The Multiple Nuclei Theory.

2. The Central Business District (CBD)

3. Centrifugal and Centripetal forces in Urban Geography.

एम.ए. अंतिम - इतिहास एवं अन्य

(41)

- UNIT-IV**
- Economic Base of Towns : Basic/non-basic concept.
 - Urban Functions
 - Functional Classification of Towns.
 - Urban Planning (i) Types and Elements (ii) Urban Problems, Blight and renewal.
 - Urban Planning in India.

SUGGESTED READINGS :

- Abercrombee, Sir P. : Town and Country Planning 1961.
- Alam, Shah Manzoor : Hyderabad Secunderabad (Twin Cities) A study in urban geography)
- Alam, S.M. & V.V. Pokshishevesky : Urbanization in developing countries

PAPER - VIII

REGIONAL DEVELOPMENT AND PLANNING

- UNIT-I** Regional Planning : Definition, Scope, Evolution and Objectives.
Region and Regionalism, Planning Regions : Concept and Delineation.
Spatial organisation : Central Place Theory, Concept of core and periphery
Friedmann's Model of Spatial Organisation and Economic Growth.
- UNIT-II** Regional Development Theories : Development Theories of Myrdal and Hirschman,
Economic and Export Base model, Frank's Theory of Underdevelopment.
- UNIT-III** Approaches and Strategies of Regional Development. Growth Pole Theory.
Agropolitan Development, Community Development, River Basin Planning, Metropolitan Planning (with reference to India).
- UNIT-IV** Regional Planning in India. Regional Imbalances and Inequalities, Indicators of Regional Development : Regional Policies in Five Year Plans, Centre State Relations

and Multilevel Planning, Planning for special problem Regions : Hill areas, Tribal areas, Drought prone areas, Command areas and River basins.

RECOMMENDED READING :

- Daysch, C.H.J. & others : Studies in Regional Planning.
- Dickinson R.E. : City Region and Regionalism
- Freeman, R.E. : Geography and Planning
- Golksin A. : Regional Planning and Development
- Keable, L. : Principle and Practice of Town and Country Planning.

- शर्मा, राजीवलोचन : प्रादेशिक एवं नगरीय नियोजन

PAPER - IX (A)

REMOTE SENSING AND GEOGRAPHICAL INFORMATION SYSTEM

- UNIT-I** Historical development of remote sensing as a technology - Relevance of remote sensing in Geography - Concepts and basics : Energy source, energy and radiation principles, energy interactions in the atmosphere and earth surface features, remote sensing systems : platforms, sensors and radiation records.
Applications : Air photo and image interpretations and mapping landuse and land cover, land evaluation, urban landuse, landform and its processes, weather studies and studies of water resources : integration of Remote Sensing and GIS, remote sensing and hazard management, remote sensing and environmental management.
- UNIT-II** Image Processing : types of imagery, techniques of visual interpretation, ground

verification, transfer of interpreted thematic information to base maps-digital processing : rectification and restoration, image enhancement - contrast manipulation, classification : supervised and unsupervised, post-classification analysis and accuracy assessment, microwave sensing : interpretation of SLAR imageries, elements of passive microwave sensing.

UNIT-III

Spatial Science : Geography as a spatial science, maps and spatial information. dynamics of spatial information, elements of information technology, geographic objects and their relations-definition and development of GIS, computer environment for GIS.

Spatial Data : Elements of spatial data : data sources : primary and secondary, census and sample-data; quality and error variations-raster and vector data structures, data conversion-comparison of raster and vector databases - methods of spatial interpolation-GIS data formats for the computer environment.

UNIT-IV

GIS Technology : Coordinate system - basic principles of cartography and computer assisted cartography for GIS-remote sensing data as a data source for GIS and integration of GIS and Remote Sensing-GPS and GIS : technology, data generation and limitations - visualization in GIS-Digital Elevation Models (DEM and TINs).

GIS Application : GIS as a Decision Support System-expert system for GIS-basic flow chart for GIS application - GIS standards, legal system and national GIS policy application of GIS in Land Information System, Urban Management, Environment Management and Emergency Response System.

SUGGESTED READINGS :

PAPER - IX (B)

BIOGEOGRAPHY AND ECOSYSTEM

UNIT-I Definition and scope of Biogeography. Environment, Habitat and Plant-animal association, Biome types.

UNIT-II Elements of plant geography, distribution of forests and major communities. Plant successions in newly formed land forms.

Zoogeography and its Environmental Relationship.

Paleobotanical and Palaeo climatological records of environmental change.

UNIT-III Ecosystems : concept and components, Ecosystem-form and function : trophic level, ecological pyramids, ecological niche, energy and nutrients in the ecosystem, hydrological cycle, foodchains and foodwebs.

Major terrestrial ecosystems of the world : agriculture, forests, grassland and desert.

Population growth and environment.

UNIT-IV Biodiversity and its conservation. Preservation and conservation of the ecosystem through resource management. Environmental legislation.

The Stockholm conference, the Earth summit, Environmental laws in India (the Wild Life Act, Water Act, Forest Act, Environment Protection Act and National Environment Tribunal Act).

FIELD SURVEY REPORT (A) FIELD-WORK (PHYSICAL SURVEY)

Objectives :

The main objective of the field work (Physical) is to conduct an extensive survey of a contiguous wider region and identify salient landforms ; their genesis and their impact on human life, flora and fauna.

Trace the prominent features of the area to be surveyed. Identify salient landform features

PRACTICAL

QUANTITATIVE TECHNIQUES, REMOTE SENSING AND GIS

Section (A) : Quantitative Techniques

- (i) Product Moment and Rank Correlation Coefficients, Linear Regression. **Marks 35**
- (ii) Hypothesis Testing : Chi-square and 't' tests, Analysis of variance and test; Sampling
- (iii) Running mean, Mean centre, Nearest Neighbour Analysis ; Lorenz Curve,
- (iv) Normal distribution curve, probability.

Section (B) : Remote Sensing and GIS

- (i) Air Photos and Photogrammetry : Elements of photographic system : types, scales and ground coverage resolution, films, filters, aerial Cameras vertical photographs, relief displacement, airphoto interpretation. **Marks 35**
- (ii) Image Processing : types of imagery, techniques of visual interpretation, ground verification, transfer of interpreted thematic information to base maps-digital processing rectification & Restoration image enhancement. Application : Air photo and image interpretations and mapping landuse and studies of water resources.
- (iii) Spatial Data : Elements of spatial data : quality and error variations raster and vector data structures data conversion.
- (iv) Elements of GIS : Data capture-verification and preprocessing-data storage and maintenance of database-Database Management Systems : types and merits and demerits-data manipulation, analysis intergrated analysis of spatial and attribute data.

SUGGESTED READINGS:

of the selected area on a topographical sheet. Identify the landforms on the surface, while in the field. Also note the agents of erosion, transportation and deposition associated with the landforms. Identify and classify the biodiversity in the area (Flora & Fauna). Observe the relationship of various landforms, flora and fauna with land-use, settlement structure and life style of people.

Based on observations of the above characteristics, prepare a field survey report. The report need to be supplemented with maps, sketches, photographs etc.

Pedagogy :

- * The practical exercises should aim at identification of micro-geomorphic features on the ground and their relationship to land-use/ settlement patterns.
- * This is also a training in Report Writing.

(B) FIELD WORK (SOCIO-ECONOMIC)

Objectives

Main objective of the field work is to provide the students with the understanding of ground reality of a chosen village/town by observation ; mapping of land quality, land use and cropping pattern and conducting socio-economic survey of the households with the help of a specially prepared questionnaire. Procure a topographic map on 1:50,000 or 1:25,000 scale to study the settlements selected in its regional setting. Collect demographic, social & economic data of the village/town from Census Reports to study the temporal changes in the profile of such characteristics.

Procure a cadastral map of the village/town for field mapping of the features of land-use and land quality. Procure/prepare the settlement-site map through rapid survey to map the residential, commercial, recreational (parks, playgrounds), educational, religious and other prominent lectures.

Conduct a socio-economic survey of the households with a structured questionnaire. Supplement the information by personal observations and perceptions.

Based on results of the land-use and socio-economic enquiry of the households, prepare a critical field-survey report. Photographs and sketches, in addition to maps and diagrams, may supplement the report.

Pedagogy :

- * The exercise should familiarize the students with the basic socio-economic characteristics of the chosen area/settlements through lab experiments, followed by field-visit and conducting enquiry at the village/town/household level.
- * This is also training in Report Writing for the students.
