Study Tour/ Attached with Agencies or Communi ty (One Week)	Study Tour will be organized to provide exposure to the students about the socio-economic, political and cultural situations and problems of Society. The study tour will be organized under theguidance of the faculty members. Attendance of study tour is compulsory. Besides, the performance, behavior and learning reflection of each student during tour will be taken in to consideration at the time of final assessment of field work done by the respective faculty supervisor/instructor based on the reporting of Tour-in Charge./ Students will work at an agency or work in the community for a week.	An	CO1 & CO2
Block Placement	Students will be required to undergo one month block field work/internship training in a social welfare agency or corporate house under CSR initiative as per their area of interests. It is treated more as pre-employment experience. The block field work agencies or projects will be selected with the consent/choice of students. A student has to start the block field work on the date specified by the Department. After block field work/internship, a student will be expected to submit report to the Field Work. Successful completion of block field work/internship training is mandatory before the Master of Social Work degree can be awarded.	Ap	CO3 , CO4 & CO5

Formulati on of Research Problem and Review of Literature, Synopsis Presentati on, Research Work	In this part of the course students will be offered to learn research methodology and prepare a small dissertation. The purpose of the research work is to acquaint the student with the methods and Process of research, to make them intelligent and smart users of research work available and also to some extent, to help them to be a producer of a quality research. Each student of M.S.W. has to undertake a research project for investigating any social problem or issue. An effort is made to select subjects of interest to the students and which fall in their field of specialization.	Cr	COI
